## DO NOT PUT OUT YOUR CANDLE

*By Mark McWhorter*

In New Testament times, most of the poor people lived in one-room houses. One lamp could light the whole room. This lamp was set on a stone that stuck out from one of the walls. Everyone in the house could see from the light of this one lamp.

When morning came, a small clay cup that was used to measure grain, would be put over the lamp to put the flame out. Then the lamp would be lit again when night came.

We are to be like the lamp. We are to light the whole world that we come into contact with. Everyone we meet should recognize that we are burning with the light of God. We should never put that light out.

In Matthew 5:14-15 we read, "You are the light of the world. A city that is set on a hill cannot be hidden. Nor do they light a lamp, and put it under a basket, but on a lampstand, and it gives light to all who are in the house. Let your light so shine before men, that they may see your good works and glorify your Father in Heaven."

Are you shining your light? Or are you putting your light under a basket? Can all the people around you see because of the light you give them? Or are they all still in darkness because you put out your light?
